

KENT COUNTY COUNCIL COMMUNITY WARDEN REPORT

Month/Year: November 2024

Parish: Hoath

Community Warden: Roger Lithgow. Mobile 07183 713083 Email:
Roger.Lithgow@Kent.Gov.UK

I have undertaken Visible Presence in the village where possible since the last parish council meeting. No concerns or issues raised by residents.

I have been approached by several residents who are very disappointed that I will no longer be working in Hoath from January 2025 due to being relocated to new Ward areas.

I have reported to KCC Highways, the cracked pavement at the start of Barn Close, near to the road name sign. Reference 840352 refers.

I have seen on Facebook's Hoath page that there was a theft of tools in Old Tree Rd, Hoath recently. I have commented on the Facebook page highlighting the importance of informing police, and I mentioned security measures like having cctv installed, security lighting fitted, no cold caller signs. I am happy to discuss this further with residents to help reduce them becoming victims and to assist residents to feel safe in their homes, as we approach winter with darker evenings.
